MARKET OUTLOOK: WHAT TO EXPECT?

FOCUS ON 'VIKSIT BHARAT' & MANUFACTURING

This year's budget is expected to focus on three major pillars:

1. **Capex Push** : Massive spending on Infrastructure and Railways.
2. **Rural Growth** : Boosting consumption in rural India.
3. **Fiscal Discipline** : Managing the deficit to attract FII inflows.

RUMORS vs. REALITY

DECODING MARKET FEARS

Topic	Market Rumor	Our Analysis (Likely Scenario)
LTCG Tax	Tax rate might increase.	Unlikely. Exemption limit may increase from ₹1.25L to ₹2L to support retail investors.
<u>STT</u>	Expectations of STT removal.	No Change. STT is a major revenue source for the Govt; no relief expected.
FII Flows	Foreign selling continues.	Govt may announce 'Ease of Doing Business' reforms to attract foreign investors back.

Historical Data (History)

DOES THE MARKET CRASH ON BUDGET DAY?

- VOLATILITY IS NORMAL, BUT THE LONG-TERM TREND REMAINS POSITIVE. DON'T PANIC SELL.

2021: +5.00% (Market Rally)
2022: +1.37% (Positive)
2023: -0.26% (Volatile)
2024: -0.10% (Flat)
2025: +0.80% (Positive)

- : Insight: Budget volatility usually settles within 3 days. Focus on quality stocks.

SECTORS IN FOCUS (WATCHLIST)

- . Stocks to Watch: HAL, BEL, Mazagon Dock.

4. Renewable Energy

- . Expectation: Incentives for Solar Rooftops & Green Hydrogen.
- . Stocks to Watch: Tata Power, Adani Green, IREDA.

INVESTOR STRATEGY

How to Trade the Budget ?

✓ DOs:

- Stick to your long-term SIPs.
- Use dips (market falls) to accumulate blue-chip stocks.
- Watch out for specific announcements on Capex.

✗ DON'Ts:

- Avoid high-risk Option Trading (High VIX).
- Do not trade based on WhatsApp rumors.
- Don't panic sell if the market drops 1-2%.
